

TUDOR LANE

Environmental Improvement Scheme

The Council is proposing to make some environmental improvements to Tudor Lane to support the local businesses and help to promote it as a vibrant extension to the Tudor Street Shopping Area.

The aim of the scheme is to improve the general environment and encourage people to visit. We have been working with business and property owners within Tudor Lane to find out the current issues and have put together some suggestions which include:

- Improved street lighting
- A one way system
- New signage at the entrance to Tudor Lane
- A new sign to display and promote businesses
- Hanging baskets on lighting columns
- Promotional banners on lighting columns
- A mural on the side of the Transport Club

As face to face consultation is not an option at the moment, the consultation plan is available to view online at: www.cardiffneighbourhoodregeneration.co.uk

We would like to find out what you think of our proposals. If you have any comments, please email us on neighbourhoodregeneration@cardiff.gov.uk by Monday 1 February, 2021.
